Dear Denis Eaton,

The Chevron Boating Club appreciates the opportunity to present Flotilla 51 with the enclosed Certificate of Recognition for your continued support and commitment in helping the Chevron Boating Club attain 100% membership participation in the 2004 **Vessel Safety Check** program and introducing the United States Department of Homeland Security United States Coast Guard **Waterway Watch** program.

Flotilla 51 has consistently responded to our boating inspection and safe boating education needs by holding inspections at the Rod and Gun Club Harbor and accommodating our flex work party schedule. We appreciate your dedication to safe boating and your leadership in introducing the Waterway Watch program in 2004. We look forward to working with you in the years ahead.
